

MSc in — Behavioural and Economic Science

Do you want to understand the choices people make, why they make them and what influences their behaviour?

The MSc in Behavioural Science and Economics at the University of Warwick combines multidisciplinary expertise from the departments of Psychology, Economics and Warwick Business School that is crucial to understand how influencing people's choices impacts a variety of sectors and industries.

The MSc suits those with a quantitative background (e.g. mathematics, sciences, economics, psychology).

Why — study Behavioural and Economic Science

This innovative, interdisciplinary programme combines decision science and behavioural economics.

You will learn theory and real-world applications of behavioural economics and the cognitive science of judgement and decision making.

For those looking to pursue careers in business, public policy implementation or research, there are three core modules, a wide variety of optional modules to suit your interests and career goals and a research project.

- Modules span across the departments of Psychology, Economics and Warwick Business School, providing a thorough grounding of both the theory and real-world application of behavioural science.
- Modules on the design, conduction and analysis of behavioural experiments and the analysis of large-scale datasets.
- An empirical research project.

Our students have gone on to take positions at The Busara Center for Behavioral Economics, The UK Behavioural Insights Team, Google, Frontier Economics, Facebook, Ogilvy Change and more.
